

# Spirit-SIGN™ System

## A simple, practical solution for rigid panel media displays.

The Spirit-SIGN™ systems from Spirit Displays are perfect for rigid panel media, providing a replacement for folded trays or traditional slide-in display frames. Available with or without frame bezel, these systems are perfect for acrylic, aluminium composite (Dibond™) and push-thru letter signs. If you are looking for a simple visual display system, our Spirit-SIGN™ systems offer a cost-effective solution.

### Product Details

Spirit-SIGN™ incorporates all of our profiles for rigid panel sign frames. Traditional framed options have a removable trim on one side to allow acrylic faces to be slid in. The frameless option allows for faces to be front-loaded with either magnetic tape for changeable displays or VHB adhesive tape for permanent signs

### Product Specifications

- ✓ Range of profile depths
- ✓ Easy to fabricate with steel corner cleats
- ✓ Use magnetic or VHB tape for faces

### Product Variations

- ✓ Framed or frameless
- ✓ Non-illuminated or lightbox
- ✓ Silver anodised as stock

### Detailed Data Sheets

# About Spirit Displays

## Partnering with our clients for over 15 years.

Spirit Displays fabricate custom aluminium frame systems for the graphics and signage industry, specialising in tailor-made solutions. We are a family-run company based in the UK, yet boasting a global reach with offices, warehousing facilities and distributors all over the world.

## Who We Are

### Innovative and Design Led

Being natural born problem-solvers and having a wealth of experience in the graphic display business, means we can confidently deliver complex projects others may shy away from, as well as, stock-in-trade solutions.

### Service and Support Driven

We have a deep sense of duty to make sure our customers' projects are delivered on time and backed up by a supportive team. We work closely with our clients, lending our expertise and support from initial brief through to installation.

### Commitment to Quality

Known for our quick turnaround and competitive pricing, we never compromise on the quality of our products. We are proud that our customers often comment that we build some of the best frames and lightboxes in the market.

## What We Do

From LED light boxes and multi-panel wall displays, to 3D hanging signage and banner wraps for truck sides, Spirit Displays has a wide range of products which are known throughout the industry for their quality and innovative design. Our focus on research and development, provides continuous improvement to existing products, creation of new products and enables us to bring our clients effective but simple display solutions.

We also manufacture a range of systems for our global distributors, who are able to supply our products to their clients with complete confidence that they are backed by a company that has been built on the promise that we will always strive to deliver the best products to market.

What sets Spirit Displays apart is our flexibility when it comes to how we approach the challenges our clients face. Besides our standard offering, we offer custom-built display and signage solutions which, along with our extensive experience, allows our clients to achieve their individual objectives, whatever they might be.

We have a team of professional, friendly sales and support staff standing by to have a chat. You can contact us at our Head Office in London on +44 20 8684 0455, or [click here to contact us by email](#) and see how we can assist you with your display needs.
