

Truck branding tension banner systems that are quick and easy to change.

Our Truck-SKINZ™ system offers a quick-change banner system for effective, durable vehicle branding for rigid-side trucks and refrigerated vehicles. The lightweight, structural grade 6063 aluminium frames can be fixed by mechanical or adhesive means. Skins are finished with our high quality keder to all edges to ensure absolute security for this high demand environment.

Product Details

Truck-SKINZ™ frames are supplied as profile lengths or manufactured to size and ready to fit. Base frames are bonded or riveted to the vehicles and banners installed with a second, hinge tension profile. Banners are finished with a 4mm round keder edging which provides for easy change and ultimate security of fix.

About Spirit Displays

Partnering with our clients for over 15 years.

Spirit Displays fabricate custom aluminium frame systems for the graphics and signage industry, specialising in tailor-made solutions. We are a family-run company based in the UK, yet boasting a global reach with offices, warehousing facilities and distributors all over the world.

Who We Are

Innovative and Design Led

Being natural born problem-solvers and having a wealth of experience in the graphic display business, means we can confidently deliver complex projects others may shy away from, as well as, stock-in-trade solutions.

Service and Support Driven

We have a deep sense of duty to make sure our customers' projects are delivered on time and backed up by a supportive team. We work closely with our clients, lending our expertise and support from initial brief through to installation.

Commitment to Quality

Known for our quick turnaround and competitive pricing, we never compromise on the quality of our products. We are proud that our customers often comment that we build some of the best frames and lightboxes in the market.

What We Do

From LED light boxes and multi-panel wall displays, to 3D hanging signage and banner wraps for truck sides, Spirit Displays has a wide range of products which are known throughout the industry for their quality and innovative design. Our focus on research and development, provides continuous improvement to existing products, creation of new products and enables us to bring our clients effective but simple display solutions.

We also manufacture a range of systems for our global distributors, who are able to supply our products to their clients with complete confidence that they are backed by a company that has been built on the promise that we will always strive to deliver the best products to market.

What sets Spirit Displays apart is our flexibility when it comes to how we approach the challenges our clients face. Besides our standard offering, we offer custom-built display and signage solutions which, along with our extensive experience, allows our clients to achieve their individual objectives, whatever they might be.

We have a team of professional, friendly sales and support staff standing by to have a chat. You can contact us at our Head Office in London on +44 20 8684 0455, or [click here to contact us by email](#) and see how we can assist you with your display needs.
